RFT FOR THE OPERATION AND MAINTENANCE OF THE AMD TREATMENT PLANT AT EASTERN BASIN

Dear Tenderer,

TCTA acknowledges receipt of the Requests for Clarification listed below. The applicable response to each request for clarification is provided under each item.

1. Maintenance Workshop Equipment: Is TCTA able to provide a list of workshop equipment (fixed and movable) that is owned by TCTA and will remain on site the closure of the old O&M Contract?

TCTA RESPONSE

See attached Eastern Basin AMD Plant Asset Register.

2. Escalation in the BOQ: Can TCTA provide clarity on the required escalation calculation for the BOQ? Do we estimate an anticipated CPI? And do we apply the escalation on our operational costs or on all the provisional sums as well?

TCTA RESPONSE:

Bidders are not required to do the escalation calculation. TCTA will do the calculation during evaluation but the evaluated amount will not include the escalation. The contractual conditions will make provision for escalation calculation.

Yours faithfully

Azwi Nelwamondo
Senior Manager: Procurement
