

REF NO: 013/2022/PMID/UMWP-1/RFB NOTICE 4

22 NOVEMBER 2023

CONSULTANCY SERVICES FOR uMWP-1: WATER CONVEYANCE INFRASTRUCTURE FOR 115 MONTHS

Dear Bidder,

TCTA acknowledges receipt of the requests for clarification listed in the attached table. The response to each request for clarification is provided in the attached table.

Yours faithfully

Azwi Nelwamondo
Senior Manager: Procurement

NO.	REQUESTS FOR CLARIFICATION	TCTA RESPONSES
1	Can you please provide an updated tender document with all changes affected to date. In some instances, making changes by hand on the documents will be untidy and not pragmatic.	We issue addenda to incorporate changes and additions to the original RFB document. We do not update the tender document every time we issue clarification or addendum. Bidders are expected to contact the eTender Portal for any updates in the form of clarification or addendum in this regard.
2	May we ask that the length of the CV's be extended to 4 pages to accommodate the additional table required by TCTA. The CVs are a critical component to the submission and needs to capture the necessary relevant information adequately.	Bidders may extend/add pages to the CV and table templates to provide more information as they deem necessary.
