ON BEHALF OF:

ADDENDUM NO 3

1. ADDITION OF AN EXCEL FORMAT BILL OF QUANTITY (BOQ) TO THE PUBLISHED RFB.

The above-mentioned format is hereby added to Part C2 Pricing Data of the RFB.

2. ADDITION OF CONDITION TO FORMATS OF FINANCIAL OFFER SUBMITTED.

In C.2.13.3, page 25 of 30, add the following condition under Financial Offer (Envelope 2):

'..... in case there is a conflict between the Microsoft Excel format Digitally submitted Bill of Quantity (BOQ) and the original BOQ, the original BOQ shall have the precedence'.

The Tenderer must submit its completed BOQ in this Excel format provided without any alterations other than the required inputs.

TCTA will only accept the MS Excel version of Bill of Quantities issued and not any other software version or format which is printed from other pricing software (for example: CCS software).

As part of the tender submission, the Tenderer must submit a printed version of this MS Excel BOQ document (similar to the version issued with the RFB or as revised by TCTA), with each page physically signed by the duly authorised person to make an offer. Only this printed and signed version will be deemed the offer by the Tenderer and no other form of a submission will be accepted. Failure to comply with this requirement may render the bidder's submission non-responsive'.
