21 MAY 2024

***ABSTRACTION WORKS, PUMPING STATIONS, RESERVOIRS, PIPELINE, RELATED  
MULTIDISCIPLINE WORKS, ANCILLARY WORKS***

Dear Bidder,

TCTA acknowledges receipt of the requests for clarification listed in the attached table. The response to each request for clarification is provided in the attached table.

Yours faithfully

---

Azwi Nelwamondo  
Senior Manager: Procurement

NO.	REQUESTS FOR CLARIFICATION	TCTA RESPONSES
1	Part C3.1 Specifications, as per attached extract, lists the key method statements and we would like to enquire if it is a requirement that the tenderer prepares and submits these method statements at this tender stage?	Only the method statement listed in Volume 1 – Tendering Procedure will be evaluated as part of the RFB. These are CPM V1 – CPM V7. That said, all documents required as returnable whether mandatory or non-mandatory should be submitted before the closing date and time of this RFB.
2	Please can you kindly send to us Engineers drawings for Structural steel. Our subbies are finding it harder to price with information at hand.	The detailed design drawings of the steel structural components will be issued as Construction drawings to the Contractor at the commencement of the construction stage.  For tender stage, the estimated tonnage of steel is provided in the BOQ.
