NO.	REQUESTS FOR CLARIFICATION	TCTA RESPONSES
1	We have received queries from pipe mills and bidders regarding the requests for quotations for the visco-elastic pure Polyisobutene coating system, which is found in the specification document, section 37.33 but not in the bill of quantities. Can this be offered within the Corrosion Protection Bill of Quantities? This is because they are querying why it is not found in the bill of quantities.	Please refer to Notice 19 Item 1 comments previously made.
