

**REF NO: 054/2024/PMID/MCWAP2/RFB NOTICE 72**

**10 JULY 2024**

***ABSTRACTION WORKS, PUMPING STATIONS, RESERVOIRS, PIPELINE, RELATED  
MULTIDISCIPLINE WORKS, ANCILLARY WORKS***

Dear Bidder,

TCTA acknowledges receipt of the requests for clarification listed in the attached table. The response to each request for clarification is provided in the attached table.

Yours faithfully

---

Azwi Nelwamondo

Senior Manager: Procurement

NO	REQUESTS FOR CLARIFICATION	TCTA RESPONSES
1	<p>I refer to the requirement for the Pipeline Construction Related Experience, whereby the resource would have successfully procured and constructed a minimum of one reference project of a buried welded steel pipeline with <b>ND &gt;= 800 mm</b> and not less than 20 km length in the past twenty (20) years.</p> <p>We hereby appeal for the review of the tender requirement for the experience in building 800mm pipes. We appeal that professionals with the experience of having built 600mm pipelines should also be considered as there is no difference at a technical level in how both sizes of pipelines are constructed.</p>	<p>The minimum requirement is a pipeline project of 800mm, as stated in the Table 1: Functional Evaluation Criteria.</p> <p>This regrettably cannot be changed to 600mm pipeline.</p>
